From being a front  
end developer  
became a Blockchain  
Engineer at 🔗

The Team was at DC7 actively participating in EIP discussions and Connected with new hiring partners for 2025

# 2024 **Student** **Testimonials**

If I can serve as an inspiration for you guys, I just got a job offer a few hours ago at 110k plus 20K tokens! ”

**Mathieu Bertin**  
Blockchain Engineer

I was already a software engineer but wanted to level up ... Metana's promise caught my eye—do the program and you're guaranteed a job or get your money back. Zero risk. ”

**João Tavares**  
Senior Back End Developer

In my experience with Materna, the journey so far has been genuinely transformative. My interactions with instructor Druvin have been invaluable ... helping me greatly throughout the process ”

**Sebastian Guilbert**

Smart-Contract Developer

Honestly, I learned more in three months than I could've on my own in a year. It's been such a great experience, and I feel way more confident as a developer now ”

**Rosa Hadi**

Student of Metana Full Stack Bootcamp

Metana's a really, really big difference from all other courses out there; that's why I chose it. Compared to other platforms, Metana feels like a whole ecosystem. It is not just throwing content at you and hoping for the best

**Ufuk Yildirim**

Smart Contract Developer
